Plug-in Refrigeration  
Solutions

Retail

# Industry Leaders in Plug-in Supermarket Refrigeration

## Supermarket Refrigeration Specialists

Over 24 years, we have curated a range that covers the entire spectrum of plug-in refrigeration equipment a supermarket might need.

## Expert Local Support

We weigh up your individual needs to construct the right equipment package for you and connect you with a local dealer that stocks the products you require.

## Confident Compliance

Our in-house engineering team ensures that our products meet and exceed Australian standards and regulations, including MEPS, GEMS, C-Tick, Watermark, and others.

## Energy Efficiency and Sustainability

We proudly lead the way with our Green Cooling initiative. 90% of our range utilises natural refrigerants, which are highly energy-efficient and have a 0 GWP (Global Warming Potential).

## Available Australia-wide

With a nationwide distribution network, we can deliver our refrigeration products to your door quickly and efficiently.

## Extra Care Warranty Service

We offer a one-stop support service for your peace of mind, no matter where you are in Australia.

# Upright Display Fridges and Freezers

Bromic's upright display range offers dependable refrigerated display solutions that fit perfectly in various self-service retail settings like supermarkets, convenience stores, newsagents, petrol stations and more.

5 adjustable shelves plus base to accommodate drinks and food items of various sizes

Customisable lightbox for maximum brand exposure

Suitable for storage of perishable drinks and food with 3M1 climate class

High-impact LED internal lighting on each side for perfect product presentation

Low E double glazed safety glass self-closing doors minimise heat transfer and prevent condensation

Fully compliant with Australian safety standards and regulations

Powerful fan for even circulation of cold air

Lockable castors to move and position the unit with ease

Digital controller for easy and accurate temperature control

- Allows to fill the gaps at the end of two units when used side by side without the end unit.

**TOP PANEL KIT**

- Designed to fill the gaps at the top when multiple units are combined, giving your display a polished and unified look.

# Deli Display Fridges

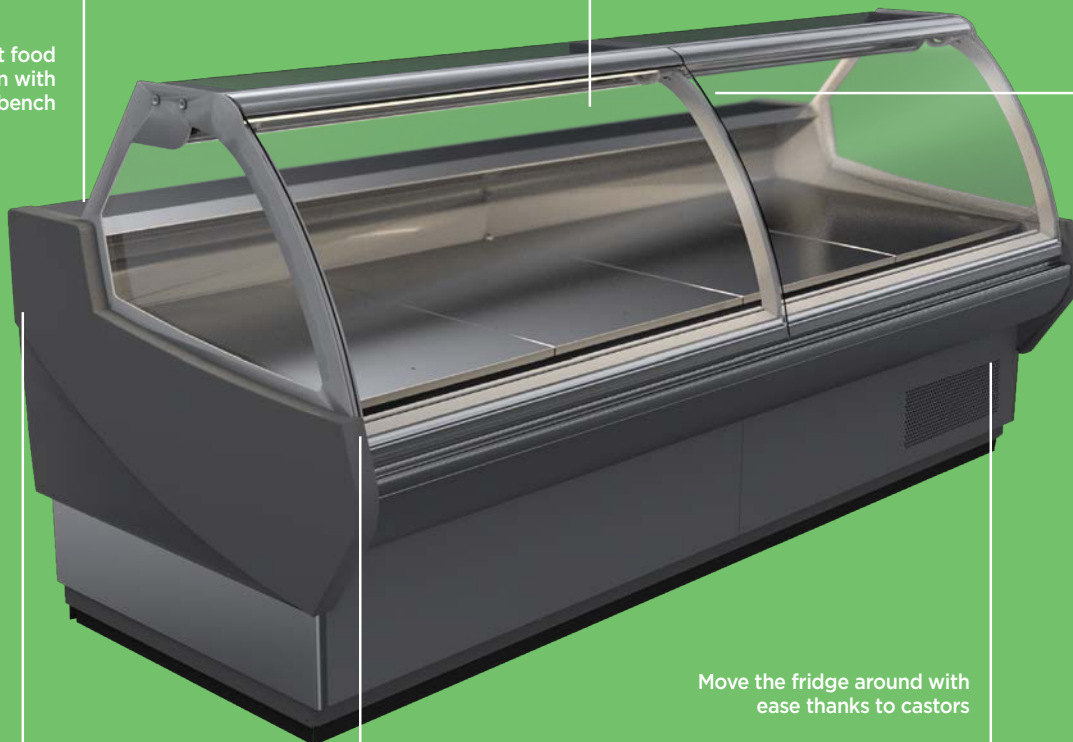

Bromic's range of deli display fridges has been engineered with a focus on durability, practicality, and food safety. The displays can be used standalone or seamlessly combined to create a self-contained service area in your shop.

Additional refrigerated storage space at the back to maximise storage

Convenient food preparation with a rear bench

Sliding plexi-glass to easily re-stock deli from the rear

Easy access to food items with hydraulic lift-up front glass

Choose between standalone use or multiplexing to expand the display area

Accurate temperature control with a digital controller

Easily remove display trays for cleaning

Bright LED lighting in natural light to enhance the presentation of displayed food

Move the fridge around with ease thanks to castors

Removable front panel to quickly access and clean the unit for optimal performance

# Modular Flake Ice Machines

Bromic's modular flake ice machines are designed to continuously produce dry, shapeless flake ice – ideal for food display applications, especially delicate produce like fresh seafood.

Stainless steel construction for corrosion resistance and easy cleaning

Electric PCB controller for easy settings adjustment and monitoring

Efficient cooling reduces ventilation clearance requirements for easier installation

Agion®-treated materials prevent bacteria growth for maximum hygiene

Fully compliant with Australian safety standards and regulations
